All meats are sliced, wrapped in butcher paper and packed up in a disposable foil container.

WHAT ARE THE REHEATING/HOLDING INSTRUCTIONS FOR YOUR MEATS?

To keep warm place foil tray of meat inside your oven at 160-170 degrees until time to eat. If reheating, place tray in the oven at 250 degrees until the meat reaches 160 degrees. That will take 1-2 hours depending on the amount of meat in the tray. Chef Tip: Keep meats wrapped in butcher paper when reheating to help keep meats moist and savory
